

## Agricultural Marketing & Trade

Share: [Facebook](#) [1] [Twitter](#) [2] [Google Plus](#) [3] [Yahoo](#) [4] [LinkedIn](#) [5] [Digg](#) [6] [Delicious](#) [7]

### Introduction

The objective is to train students on analyses of agricultural marketing problems and expose students to theories of international trade and why nations trade, trade policy, WTO and negotiations.

### History

Agricultural marketing and trade is a fundamental theme in the department and University and has been taught since the existence of the university. Current agricultural market issues focus on commodity characteristics, alternative institutions to counter market failure, contracting in African agriculture, GATT, Regional integration Agreements, WTO, trade creating and diversion
