

Guest Lecture on Supply Chain Excellence and Sustainability

Are you passionate about supply chain excellence for improved business performance?

The University of Nairobi in collaboration with LEARN Logistics by Kühne Foundation (KF) has organized a one-week guest lecture on **Supply Chain Excellence and Sustainability**, to be delivered by **Dr. Hans-Ullrich Förster**, a renowned expert in the field of supply chain management. The aim is to empower young Africans improve their skills in supply chain management while improving local logistics capabilities.

The guest lecture is scheduled to take place from **10th November to 14th November 2025 at 8.4.4 Building, Department of Agricultural Economics, Upper Kabete Campus**. The lecture will cover among other topics supply chain leadership, decarbonizing logistics, digitalization in logistics and hands on project management in logistics. The participants will also take part in an excursion to one of the companies in Kenya to "Go and See" – find the facts to make shared decisions, build consensus and propose solutions.

Who can apply

The program is open to fourth-year undergraduate and postgraduate students pursuing studies in Logistics and Supply Chain Management at the University of Nairobi. Applicants who have previously participated in similar programs are not eligible to apply.

Participation costs

The University will meet the hosting costs of the guest lecture and travel costs for the field excursion. However, selected participants will be expected to meet their own costs of participation program including writing materials, travel and meals.
