

UNIVERSITY OF NAIROBI

Advertisement of DAAD Scholarships for Master of Business Research for 2026/2027, at the University of Nairobi

Application Deadline Extended to 24 July 2026

The Master of Business Research (MBR) is a new two-year masters level program that is being offered at Department of Management Science and Project Planning, Faculty of Business and Management Sciences, University of Nairobi, in collaboration with Kuehne Logistics University, Hamburg, Germany. The scholarships are offered through the Africa Centre of Excellence on Sustainable Operations for Resource Management and Food Supply (SCO), established with the financial support of DAAD. The Centre brings together University of Nairobi (UoN), the University of Dar es Salaam (UDBS), the University of Ghana (UoG), the Kuehne Logistics University (KLU) and LEARN Logistics by Kühne Foundation to jointly contribute to enhanced skills and knowledge in business research.

The MBR program will offer students advanced training in research skills, techniques, and methodologies to conduct high quality and original research in business and related disciplines. Successful candidates will learn from highly interdisciplinary team drawn from professors and industry professionals in operations management, supply chains, business economics and management science. This will holistically equip students with requisite skills and knowledge on business operations and research which have been missing in the conventional business management trainings, making the program unique.

Who can apply?

One can apply for the MBR scholarship if they meet the following criteria:

- An earned BSc/BA or MA/MBA/MSc or related degree in business studies, business administration, Entrepreneurship, agribusiness management, economics, operations management, management science, supply chains and related fields
- Outstanding academic performance with Second Class Upper Division or above for undergraduate or equivalent GPA score
- Those already admitted into the programme for Academic year 2026/2027
- Experience in undertaking basic research in agribusiness, business, supply chains, operations management or related fields will be an added advantage
- Basic analytical and research skills using relevant data analysis softwares
- Excellent written and spoken English
- Nationalities of Kenya, Tanzania and Ghana

Application documents

Application documents to be submitted should include:

Deutscher Akademischer Austauschdienst
German Academic Exchange Service

Auswärtiges Amt

UNIVERSITY OF NAIROBI

1. Hand signed motivation letter of not more than 1 page written in Times New Romans, font 12 and single spaced
2. Copies of academic degree certificates, academic transcripts, incl. grading-scale, and school final national exam certificates
3. Admission letter for academic year 2026/2027, or proof of application for admission
4. Two letters of recommendation from senior academic persons conversant with your academic background (must be on a letterhead, hand signed and officially stamped and of recent date)
5. Copy of Curriculum Vitae

Programs overview

The advertised scholarship cycle of the MBR program will be for two academic years on a full-time basis, starting from September 2026 (2026/27 academic year) to August 2028. The first year will be dedicated to course work and at the same time, the candidate will be expected to develop their proposal with support from the supervisors. The subsequent one year will be dedicated to research work including data collection, analysis, preparation of publication papers and final thesis report. The programs priority research areas are: Logistics, Operations Management, Efficiency of Food/Agricultural supply chains and related subjects.

Supervision and support

The candidates will have a supervisor from UoN and if possible external supervisors from UDSM, UoG or an international professor from KLU or from the global LEARN Logistics by Kühne Foundation academic network. They will also have many great opportunities to enhance their scientific and professional skills from the pool of professors in the Africa Centre of Excellence on Sustainable Operations for Resource Management and Food Supply (SCO).

Publications

Although publications are not mandatory for this program, candidates are encouraged to publish at least one journal article before graduating.

Scholarship

The scholarship will cover tuition fees, research costs, and a stipend from September 2026 (2026/27 academic year) to August 2028, in line with DAAD scholarship regulations.

Application contacts and deadlines

Application documents should be sent in ONE merged pdf file attachment to sco@uonbi.ac.ke with a copy to dept-mgtsci@uonbi.ac.ke and agecon@uonbi.ac.ke

The application deadline is on or before 24th July 2026.
