

Sensitization of MBR and SuMO Programmes and Shortlisting of Scholarships' Applicants

On 20th February 2023, the **African Centre of Excellence on Sustainable Operations for Resource Management and Food Supply (SCO)**, held a meeting to sensitize faculty members about the Centre programmes and shortlist applicants for MSc scholarships in **MSc. Business Research** and **MSc. Sustainable Management and Operations**. The programs will be offered through the Department of Agricultural Economics, Faculty of Agriculture and the Department of Management Science and Project Planning, Faculty of Business and Management Science which co-host the Centre. The delivery of the programmes will benefit from the Centre's multidisciplinary expertise through the extensive partnership network including **University of Dar Es Salaam and Kühne Logistics University**.
