

Provisionally Accepted Oral Papers

Paper #	Authors	Title
9	Chukwuma Ume	Factors influencing smallholder farmers' adoption of organic farming in rural Nigeria
11	Julius Manda, Shiferaw Feleke, Christopher Mutungi, Adane H Tufa, Bekunda Mateete, Arega D Alene, Tahirou Abdoulaye	The speed of postharvest technology adoption in Tanzania: the role of social learning and agricultural extension services
23	Job de Lange, Lawton Lanier Nalley, Wei Yang, Hans de Steur	The potential impacts and barriers of CRISPR in African agriculture
35	Nina Jovanovic, Jacob Ricker-Gilbert	Estimating the direct and indirect effects of improved seed adoption on yields: Evidence from DNA-fingerprinting, crop cuts, and self-reporting in Ethiopia
60	Bola Amoke AWOTIDE, Julius MANDA, Adebayo OGUNNIYI, Kehinde Oluseyi OLAGUNJU, Arega ALENE, Christian Lambert NGUENA, Alex Nimo WIREDU, Victor MANYONG, Tahirou ABDOULAYE	Does adoption of improved agricultural technologies impact rural households' welfare in the Sahelian region of West Africa?
64	Wisdom Richard Mgonezulu, Kennedy Machira, Abdi-Khalil Edrissa, Innocent Pangapanga-Phiri	Understanding farmer adoption decisions of sustainable agricultural practices under varying agro-ecological conditions: A new perspective
70	Geoffrey Muricho, Jourdain Lokossou, Chris Ojiewo	Adoption and yield impacts of improved groundnut varieties in Nigeria: Application of the potential outcomes framework
104	Samuel J. Otieno, Jonathan M. Nzuma, Cecilia N. Ritho, Beatrice W. Muriithi	Impact of adoption of Integrated Pest Management Practices on the suppression of mango fruit fly infestation in Embu County, Kenya
152	Petan Hamazakaza, Gillian Kabwe, Elias Kuntashula, Antony Egeru, Robert Asimwe	Adoption of sustainable agriculture intensification in maize-based farming systems of Katete district in Zambia
183	Adekemi A Obisesan	Does adoption of low nitrogen tolerant variety increase productivity and welfare of maize farming households? A preliminary study
211	Beatrice W. Muriithi, Alice Murage, Dave Mwangi, Fredah Maina	Tradeoffs and complementarities in the adoption of push-pull technology and other sustainable agricultural practices in East Africa
242	DM Irere, FW Maina, BW Muriithi, AW Murage	Economic impact of Push Pull Technology among smallholder cereal farmers in Eastern Africa
243	Vincent Gadamba Misango, Jonathan Makau Nzuma, Patrick Irungu, Menale Kassie	Impact of adoption of push-pull technologies on smallholder maize farmers productivity in Rwanda? A Multinomial Endogenous Switching Regression Approach
311	Gilberthe Uwera Benimana, Cecilia Ritho, Patrick Irungu	Impact and factors determining choice of hermetic maize storage technology adoption on smallholder farmers' income in Gatsibo District, Rwanda
312	Fikiru Temesgen Gelata, Han Ji Qin, Samerawit Chaka Gameda	Application of MK trend and test of Sen's Slope Estimator to measure impact of climate change on the adoption of conservation agriculture in Ethiopia
373	Hambulo Ngoma, Paswel Marenja, Adane Tufa, Arega Alene, Md Abdul Matin, Christian Thierfelder, David Chikoye	Too fast or too slow: The speed and persistence of adoption of conservation agriculture in southern Africa
288	Moti Jaleta, João Vasco Silva, Vicky Ruganzu, Simon Martin Mvuyekure, Rachel Voss, Jordan Chamberlin, Frédéric Baudron	Is agricultural lime a profitable investment for African smallholders? Evidence from Rwanda
24	Chukwuma Otum Ume, Nice Chukwuma Ume	Agroecology Food System as a Response to Climate Change Impact on Food Security: Evidence using Bio-economic farm models
174	Trevor Jembere, Abbyssinnia Mushunje, Petronella Chaminuka	Effects of climate change on maize price volatility in South Africa: evidence from a Garch model
175	Marcela Ibanez, Maximilian Koster, Christina Martini, Martin Parlasca	Aspirations and weather shocks: Evidence from Zambia
194	Suhayini I. Alhassan, Joseph Amikuzuno, Damba O. Tahidu	Implications of participation in climate change interventions on food security: Evidence from farm households in Ghana
213	Beatrice Conradie, Jenifer Piesse	Farmer adaptation to climate change: A case study from the arid rangelands of Southern Africa
225	Arnold L. Musungu, Zaneta Kubik, Matin Qaim	Drought shocks and labor reallocation in rural Ethiopia
289	Ifedotun Victor Aina, Djiby Racine Thiam, Ariel Dinar	Hydroeconomic modelling of agricultural and urban water demand and economic benefits during drought in South Africa
385	Eric Jr. Bomdzele, Ernest L. Molua	Assessment of the impact of climatic and non-climatic parameters on cocoa production: A contextual analysis for Cameroon
62	Lateef Olalekan Bello, Bola Amoke Awotide, Takeshi Sakurai	Impact of multiple adoption of climate-smart agriculture technologies (CSAT) on smallholder farmers' welfare in West Africa
232	Kehinde Oluseyi Olagunju, Adebayo Isaiyah Ogunniyi, Zainab Oyetunde-Uzman, Abiodun Olusola Omotayo	To adopt or not to adopt? Examining the impact of climate-smart seeds varieties on production risks
252	Mercy Nyambura Mburu, John Mburu, Rose Nyikal, Amin Mugeru, Asaah Ndambi	Analyzing dominance of dairy climate smart agricultural practices and implications on milk yield: Evidence from Kenya
277	Lateef Olalekan Bello, Bola Amoke Awotide, Takeshi Sakurai	Climate-smart agricultural technologies adoption and farmers' welfare nexus: Empirical analysis from Mali
307	Martin Paul Jr. Tabe-Ojong, Marvin Ebot Kedinga	Behavioural drivers to climate-smart agriculture: Evidence from Cameroon and Kenya
322	Aminou Arouna, Rachidi Aboudou, Wilfried G. Yergo	Impact of climate smart agricultural technology adoption on livelihood of producers: a case study of smart-valley approach in lowland rice farming systems
346	Bola Amoke AWOTIDE, Julius MANDA, Kehinde Oluseyi OLAGUNJU, Lateef BELLO, Djana MIGNOUNA, Adebayo OGUNNIYI, Victor MANYONG, Tahirou ABDOULAYE	Does adoption of climate-smart agricultural technologies impact poverty and food security in Mali?
375	Dora Akpene Torsu, Gideon Danso-Abbeam, Abiodun A. Ogundeji, Victor Owusu	Heterogenous impacts of greenhouse farming technology as climate-smart agriculture on household welfare in Ghana
55	Jubril Animashaun, Kofoworola A. Awogbemi, Ramota O. Karim and Lotanna E. Emediegwu	Strategic bias in willingness to pay studies for traditional food products: Anchoring evidence on repeated experiments
120	Lydia Nyakio Kabagua, Rose Nyikal, John Mburu	Do household expenditure patterns affect food security? Evidence from French beans exporting households in Mbooni sub-county, Kenya
263	Dube, S., Tsivakirai C. Z., Mabuza L. M	The influence of cognitive bias on the use of menu nutritional information among consumers in Mahikeng local municipality, South Africa
303	S. Jacob, O. Ayinde, K.F. Omotosho, I.O. Adeogun	Consumer preference for quality protein maize in Ilorin metropolis, Kwara state, Nigeria
379	Assa Mulagha-Maganga, Chrispine Adams Mtocha, Tawonga Mwanyongo, Emmanuel Mkgala, Esther Rajabu	Impact of off-farm income diversification on consumption, diets and under-five nutrition status: Evidence from Malawi 2010 – 2019 data
395	Titilayo Akinwehinmi, Ramona Teuber, Oluwagbenga Akinwehinmi	Is absolute opposition to bioengineered food overstated? Evidence from Sub-Saharan Africa
397	Wantwa Mwangomba, Moraka Nakedi Makhura	Shifts in consumption of cereal grains in Malawi: Implications for food policy and systems
418	Karl Pauw, Junyan Tian	National food-based dietary guidelines and diet quality in Ghana
99	Francis Ndip Ebai, Takeshi Sakurai	Contract farming, staple crops, and poverty reduction: Empirical Evidence from Senegal
156	Wegayehu Fitawek, Sheryl L. Hendriks	The role of contract farming on household food security in Kenya and Madagascar

161	Mwita Erick Marwa, Julius Manda	Do youth farmers benefit from participating in contract farming? Evidence from French beans youth farmers in Arusha, Tanzania
280	Karabo Lengoabala, Moraka Makhura, Isaac Oluwatayo	Implications of FMD on livestock value chain activities within municipalities in Limpopo, Mpumalanga, and KwaZulu-Natal provinces of South Africa
325	Martin Paul Jr Tabe-Ojong, Kibrom A. Abay	Smallholder farmers' participation in profitable value chains and contract farming: Evidence from irrigated agriculture in Egypt
376	Thedy Kimbi, Fulgence Mishili, Christopher Magomba, Stefan Sieber, Essegbemon Akpo	Factors influencing contract farming participation among sorghum farmers in Dodoma, Tanzania
407	Melissa van der Merwe, Tom Reardon, Danie Jordaan	Rapid transformation in South African beef chains: A case study of the North West Province
417	Akpa Kuassi Auxence Aristide, Alassane Traoré, Mandiaye Diagne	Impact of contracts on vertical integration of rice farmers in the rice value chain in Senegal River Valley
3	Marco Letta, Pierluigi Montalbano, Cristian Morales-Opazo, Federica Petrucci	Targeting vulnerability to food insecurity crises: a COVID-19 stress test for Ethiopia and Nigeria
40	Neville N. Suh, Richard A. Nyiawung, Ernest L. Molua, Rossella Botone, Canan F. Abay	Farming households' resilience to food insecurity under COVID-19 shocks in Cameroon
63	Romanus Osabohien, Joshua Ibrahim, Ojonugwa Usman	Socioeconomic shocks, social protection and household food security in Nigeria amidst COVID-19 pandemic
105	Assem Abu Hatab, Abou-Rehab Esmat, Carl-Johan Lagerkvist	In the midst of the COVID-19 pandemic: Perceived risks, management strategies and emerging opportunities for small and medium agri-food enterprises in a developing country
137	Guillaume Bruwer, Sandile Phakathi	The impact of urban gardening on household food security during Covid-19: empirical evidence from Makhanda Township, Eastern Cape, South Africa
151	Nicole Chiwomba, A Mushunje	The effects of the covid-19 social relief of distress grant on rural households' food security in South Africa
170	Matthew Olufemi Adio, Luke Oyesola Olarinde, Oyedokun Olufemi Fakunle	Effect of social capital on productivity of cassava farmers during covid 19 pandemic and lockdown in Ede south local government, Osun state
428	Tshabalala F.N, Mcata B	Coping strategies applied by small-scale piggery farmers in the midst of covid 19 at Dundonald in Mpumalanga province
202	John Ulimwengu, Léa Magne Domgho, Julia Collins, Ousmane Badiane	Hidden hunger: A global problem with local solutions
236	Gowokani Chijere Chirwa, Ed Mabaya, Dan Maggio	Does farm input subsidy affect multidimensional child poverty in Malawi?
343	Ramakgasha MJ, Gidi LS, Belete A, Thaba TK	An analysis of the relationship between exports and economic growth in South Africa, 2000-2020
349	Henry Kankwamba, Christina Kamange	Picking up pieces after Cyclone Idai in Malawi: An economy wide CGE impact assessment
372	Hambulo Ngoma, Patrick Lupiya, Mulako Kabisa, Faiqa Hartley	Impacts of climate change on agriculture and household welfare in Zambia: An economy wide analysis
413	Oginni Oluwaseun Clement, Oseni Joseph Olumide, Awolala David	Contribution of sustainable cocoa production to poverty reduction in Nigeria
419	Carolina M. Vargas, Saweda Liverpool-Tasie, Thomas Reardon	Violence incidence and other shocks on the Food Supply Chain: the case of Nigerian Maize Traders
422	Hugo De Groote, Lumumba Brian Omondi, Wilfred Omondi, Simon C. Kimenju	Assessing the economic impact of the desert locust infestation of 2019-2021 on Kenyan farmers and pastoralists using mobile phone interviews
7	Enrico Nano	The agricultural technical efficiency and food security nexus: Evidence from Nigeria
16	Dorothy Patience Ani, Terzungwe Basil Dula, F.O. Ogebe	Who are more efficient? Urban or Rural resident Ginger farmers? Evidence from Benue State Nigeria
80	Naphtal Habiyaemye, Emily Ouma, Nadhem Mtimet, Aiko Gideon Obare	Profit efficiency and farm productivity: Implications for adoption of dairy best practices among milk producers in Rwanda
143	Jana-Mart van der Merwe, Nick Vink, Kandas Cloete	The competitiveness of South African table grape exports in the European markets: Threats from Peru and Chile
171	Sylvia Kpabitey, Atsushi Chitose, Masaaki Yamada, Daniel Bruce Sarpong, Aziz Abdulai Adams, Motoi Kusadokoro	Non-Price competition measures used by cocoa purchasing clerks in Ghana and their determining factors
172	Mahamadou Roufahi Tankari	Rainfall variability and cash crops postharvest losses: Evidence from groundnuts in Burkina Faso
210	Murage A. W, Mwangi D. I, Maina F. W, Muriithi B. W.	Economic efficiency of cereal production under push-pull technology and non-push-pull farms in Eastern Africa region
258	Scolastica Wambua, Ibrahim Macharia, Gabriel Mwenjeri	Cost efficiency of improved indigenous chicken producers in Kenya: A stochastic frontier approach
59	KAMDEM Cyrille Bergaly, BAMOU TANKOUA Lydie, TOTOUOM FOTUE Luc Armand, FOSSO Prisca Koncy	Cocoa farmer field school in Cameroon and environmental management
144	Yasser Buchana	Eco-Innovation and Agricultural Sustainability: Empirical evidence from South Africa's Agricultural Sector
167	Ferdinand Adu-Baffour, Thomas Daum, Elizabeth Asantewaa Obeng, Regina Birner, Christine Bosch	Exploring community-based solutions for sustainable mined land restoration: a case study from Ghana's small-scale mining sector
191	Gerson Aileka, Thinah Moyo	Assessing drought readiness and recovery efforts of communal farmers: A case study of Outapi Constituency
203	David Atinga, Takeshi Sakurai	Weather matters: Going beyond productivity decline, from technology adoption to disadoption
247	Anthony O. Onoja	Long Run Effects of Livestock Production, Fossil Fuel Consumption and Trade Openness on CO2 Emissions in South Africa
283	Erasto Mang'anya, Frank Theodory	REDD+ Projects and Community Livelihoods in Tanzania: A Case Study of Kondoa District
424	Ajapnwa Akamin, Ernest Molua, Jules Rene Minkoua Nzie	Climate, environment, spatial dependence and productivity growth in African agriculture
30	Ishmael Hashmiu, Faizal Adams, Harald Kaechele, Jonathan Quaye	Food-tree cash crop diversification and farm household welfare in the Forest-Savannah Transition Zone of Ghana
36	Madalitso H. Chambukira	Too poor to afford soaring fertilizer prices: does input substitution enhance maize productivity in Malawi's smallholder farming sector?
51	Haruna Sekabira, Shiferaw Feleke, Guy Simbeko, Victor Manyong	Circular bioeconomy practices, crop farming, household income, and work hours in Africa
61	Christone Nyondo, Zephaniah Nyirenda, Maggie Munthali, Brian Dillon, Sergio Puerto	Measuring the heterogeneous effects of input subsidies on household outcomes: Evidence from Malawi
76	Brian Omondi Lumumba, David Jakinda Otieno, Rose Adhiambo Nyikal	Assessment of factors influencing farmers' perceptions of desert locust control strategies in Kenya
79	Naphtal Habiyaemye, Nadhem Mtimet, Emily Ouma, Aiko Gideon Obare	The effect of cooperative membership on farmers' choice of milk marketing channels in Rwanda
89	Prince Nketiah, Herbert Ntuli	Evaluating the impact of fodder-purchase as drought mitigation strategy for smallholder cattle holdings
95	Justice A. Tambo, Mathews Matimelo	An act of defiance? Measuring farmer deviation from personalised extension recommendations in Zambia
96	Michael K Ndegwa, Claudia Ringler, Francisca N Muteti, Edward Kato, Elizabeth Bryan	Can participatory video-based extension increase awareness and knowledge of climate adaptation practices?
97	Mailu S.K., T. Rewe, K. Kinsu, P.N.M. Njeru, C.U. Nwogwugwu	The value of IOT enabled biogas: A choice experiment among Kenyan smallholder farmers
101	Uzoamaka G. Asogwa, E. Opeyemi Ayinde, O. Abayomi Omotesho, A. Abdulhameed Odeseye	Drivers and profitability of Purdue improved crop storage technology use for cowpea storage in Benue State, Nigeria
115	Peter Mulindwa Lule, David Jakinda Otieno, Rose Nyikal, Jane Namatovu, Henry Kiara, Kristina Roesel, Emily Ouma	An evaluation of the effect of cheap talk script on parameter estimates: A case study of farmers' preferences for goat plague vaccine in Uganda
121	Katharina Krumbiegel, Pascal Tillie	Agroforestry practices in Côte d'Ivoire: adoption, intensity of use and effects on cocoa yields
124	Abiola Adebunmi Olarinde	Does social network affect farm income and poverty status? Empirical evidence from farming households in Osun State, Nigeria

131	Edilegnaw Wale, Eliaza Mkuna	Smallholders farmers' satisfaction with the content of agricultural information, and their preferences among sources: Empirical evidence from KwaZulu Natal, South Africa
149	Jonathan Makau Nzuma, Dasel Mulwa Kaindi, Henry Muli Mwololo	Farm production diversity and its influence on diet quality: Evidence from South Eastern Kenya
153	Afrika Onguko Okello, Jonathan Makau Nzuma, David Jakinda Otieno, Michael Mukembo Kidoido, Chrysantus Mbi Tanga	Farmers' perceptions of commercial insect-based feed for sustainable livestock production in Kenya
158	Solomon Amoabeng-Nimako, Jonathan Atta-Aidoo	Drivers of youth participation in commercial agriculture: a triple hurdle analysis of groundnut production and commercialization in northern Ghana
173	Ngcinela S, Mushunje A, Tarvinga A, Mutengwa C.S, Masehela T.S	Mapping the land use changes in cultivation areas of maize & soybean from 2006 to 2017 in North West & Free State Provinces, South Africa
209	Martin Paul Jr. Tabe-Ojong, Georgette Lumwi Fuh	Context matters: Oil palm production and women dietary diversity in the tropical forest of Cameroon
218	Guyo Godana Dureti, Martin Paul JR. Tabe-Ojong, Enoch Owusu-Sekyere	Blessing in disguise: cluster farming and smallholder commercialization in Ethiopia
221	Abraham FALOLA, Ridwan MUKAILA, Abel Ojochegbe AHMED	Commercialization of Bambara nut production in Nigeria
229	Cynthia Ebere Nwobodo, David John Okoronkwo, Rita Ifeanyi Eze, Ada Maryrose Ozorngwu	Knowledge capabilities on sustainable poultry production in sub-Saharan Africa: Lessons from Southeast, Nigeria
233	Paul Nyamweya Nyangau, Jonathan Makau Nzuma, Patrick Irungu, Menale Kassie	Health education effects on knowledge and management of arboviral diseases in Kenya: Evidence from randomised control trials
238	Adewumi Adesiyun, Temitope Ojo, Omatayo, Ogundele	Determinants of willingness to pay for externalities in cocoa production in Osun State Nigeria
240	Obakeng Tevin Selelo, Abiodun A. Ogundeji, Gideon Danso-Abbeam	Impact of agroecological practices on farm performance in Botswana
261	Emmanuel Ouma Wayagi, David Jakinda Otieno, Rose Nyikal, Julius Juma Okello	Generational differences in determinants of awareness of information technology platform services among potato farmers in Nakuru County, Kenya
275	John Olwande	Technical efficiency, soil fertility and farmers' perception: evidence from smallholder maize production in Kenya
282	Theobald Frank Theodory	Small scale wooden furniture industries and peri-urban forests sustainability in Tanzania
291	Mokhaukhau, J.P., Senyolo, M.P., Hlongwane J.J., Belete A	A Tobit application on the determinants of income diversification by rural inland fishing households in Vhembe District Municipality, Limpopo Province
300	Ghislain Aihounton, Luc Christiaensen	Does agricultural intensification pay?
301	Alhassan Nuhu Jinbaani, Edilegnaw Wale	Impacts of Participation in Ghana's Fertilizer Subsidy Program (GFSP) on multiple dimensions of food security and resilience
306	Annette Goodluck, David Jakinda Otieno, Willis Oluoch-Kosura	Farmers' perceptions on alternative agricultural advisory service providers in Tanzania
309	Petan Hamazakaza, Gillian Kabwe, Elias Kuntashula	Estimating the causal effect of sustainable agriculture intensification adoption on agricultural land expansion in Katete district of Zambia: An Endogenous Switching Regression analysis
320	Sukoluhle Mazwane, Moraka N. Makhura, Mmapatla P. Senyolo, Athula Ginjge	Value-chain digitalization and adoption intention by Proactive Land Acquisition Strategy (PLAS) farmers in the Eastern Cape Province South Africa
323	Aminou Arouna, Wilfried G. Yergo, Rachidi Aboudou, Elliott R. Dossou-Yovo	Adoption of climate information services in farm decision-making and its impact on crop productivity: case of rice smallholder producers in Mali
326	Hailay Tesfay, Charles Machethe	The effect of Ethiopia's land certification program on rural and peri-urban farmers' land tenure security; evidence from Tigray
331	M. Dayimane, M.N. Makhura	Factors influencing asset accumulation among rural households in South Africa: towards asset-based resilience
341	L. Ngobeni, K. Nhundu, P. Chaminuka, M. Mamabolo, N.M. Makhura	Evaluating smallholder farmers' knowledge, attitude, and practice (KAP) towards cassava production in South Africa
359	Jo Bridget van Zyl, Willem Hoffmann, Pia Addison, Shelley Johnson	Financial cost-benefit analysis for the establishment of areas free from and areas of low pest prevalence of <i>Bactrocera dorsalis</i> (Hendel) in South Africa
368	Shaibu Mellon Bedi, Lukas Kornher	Diffusion of climate-resilient seeds and information: Evidence from semi-arid regions of Ghana
369	Asunta Nyawira Gitari, John Mburu, Asaah Ndambi, Lucy K. Njeru, Mercy Mburu	Determinants of farmer participation in dairy innovation platforms: The case of selected milk sheds in Kenya
371	Sophie Eke	Adoption of agroforestry by medium agricultural exploitation (MEAS) in Cameroon: a case study of the Littoral Region
381	Kwaw Andam, Mulubhran Amare, Patricia Zambrano, Temilolu Bamiwuye, Adetunji Fasoranti, Chibuzo Nwagboso, Hyacinth Edeh, Jose Falck-Zepeda, Judy Chambers, Emmanuel Okogbenin, Francis Onyekachi, Ijeoma Akaogu, Jean Baptiste De La Salle Tignegre	Evaluating the use of pod-borer resistant cowpea in Nigeria: Research design and characteristics of study participants
391	Haji Athumani Msangi, Katharina Löhr, Stefan Sieber, Betty Waized, Daniel Wilson Ndyetabula	Maximizing impact: the power of combining land tenure formalization and productive social safety nets programmes in Tanzania
399	Opeyemi Olanrewaju, Dolapo Adeyanju, Temilolu Bamiwuye, Bedru Balana	Understanding the nexus between land ownership structure, sustainable land management practices, and food security in Nigeria
408	Oyakhilomen Oyinbo, Jordan Chamberlin, Miet Maertens	Digital innovation, agricultural productivity growth and environmental sustainability: A randomized evaluation in Nigeria
285	Mary E. Ngaiwi, Ernest L. Molua, Eric J. Bomdzele, Augusto Castro-Nunez	Revolutionizing food systems in Cameroon: Harnessing soil and crop management strategies for climate adaptation
321	Tidimalo Mokgoro Aphane, Mmapatla Precious Senyolo, Petronella Chaminuka	Livestock farmers' knowledge, attitudes and practices for heartwater disease in Mpumalanga, South Africa
52	Tekaligen Gutu Sakketa, Dan Maggio, John McPeak	The protective role of index insurance in the experience of violent conflict: Evidence from Ethiopia
93	Michael K Ndegwa, Apurba Shee, Liangzhi You	Risk contingent credit, traditional credit, and households' stochastic food security resilience: an empirical evaluation from Kenya
126	Theophilus Miebi Gbigbi, Lydia Ejiro Ogbotor, Joseph Adams Ojogbane	Assessing barriers and sources of adaptation finance in the context of climate change
134	Samuel Opeyemi Omotoso, Adebayo Isaiah Ogunniyi, Idowu Oladele Osanyinlusi, Kehinde Oluseyi Olagunju, Abiodun Olusola Omotayo	Financing climate-smart agriculture in rural Nigeria: Does access to credit matter?
189	Jonathan Atta-Aidoo, Ester Cosmas Matthew, Saidi Bizoza	Effects of mobile money on household food security in Burundi: Empirical evidence from a post-conflict and fragile context
226	Temitope Oluwaseun Ojo	Financing adoption of climate smart agriculture among smallholder rice farmers in Osun State
342	Bedru Balana, Dolapo Adeyanju, Clare Clingain, Alan de Brauw, Kwaw Andam, Ishaku Yohanna, Olukunbi Olarewaju, Molly Schneider	Anticipatory cash transfers for climate resilience – evidence from a randomized experiment in Northeast Nigeria
362	Willem Hoffmann, Johan Strauss, Conrad Basson	Financial considerations of sheep management approaches within different crop rotation systems in the Middle Swartland
78	Ebenezer Lemven Wirba, Abbi Mamo Kedir, Jörgen Levin	Is there an improvement in household food security in Cameroon? Evidence from quadratic food Engel curves
111	Annet Adong	Using high-frequency data to measure the resilience metrics for food security and women's dietary diversity in Uganda
129	A. Kangondo, D Ndyetabula, N Mdoe, G Mlay	Rural youths' choice of livelihood strategies and their effect on income poverty and food security in Rwanda
145	Peter Kipkorir, Vincent Ngeno, Chepchumba Chumo	Determinants of food insecurity in Kenya: household dietary diversity approach

148	Grace O. POPOOLA, Olawamiwa R. ADENIYI, Raphael A. OMOLEHIN	Correlates of agricultural households' resilience to food insecurity in Nigeria: Evidence from World Bank's LSMS-ISA
257	OA Oyedeji, R.O. Babatunde, O.E. Ayinde, A.H. Adenuga	Biomass-based value webs and food security in Africa: The case of maize value web in Nigeria
330	Henry Kankwamba, Lukas Kornher	Household shocks, infrastructural investments, food and nutrition security linkages in Malawi
363	Samson O. Afolabi, Kehinde Ola	Implication of Russian-Ukraine war on food security and poverty reduction in Africa
44	C.O. Ume	How agroecology food system enhances social and political agency for Food Security and Nutrition (FSN) among smallholder farmers in Nigeria
50	Saul Ngarava	Takes more than two to tango: Intrahousehold food system agency and its intricacies in South Africa
53	Emerta Aragie, Karl Pauw, James Thurlow	The economywide effects of reducing food loss and waste in developing countries
67	Bennie Grové, Johannes Jacobus Bezuidenhout, Nicolette Matthews	Farm-level hydro-economic analysis of alternative water tariff charges using a hybrid solution method
86	Ibrahim Faith Debaniyu, Tanko Fidelis	Trend of food and beverages industries through supply response of ginger in Nigeria (1990-2020): Implications for food systems transformation
98	Mercy Funke Salami, Raphael Olanrewaju Babatunde, Opeyemi Eytayo Ayinde, Kehinde Kikelomo Osasona	Indigenous people and the forest-food nexus: use of baobab among Hausa Fulani households in Nigeria
102	Susan Atieno Oburu, David Jakinda Otieno, Evans Chimoita, John Ojiem	Factors influencing integration of grain legumes in smallholder farms: A gendered analysis in Nandi County, Western Kenya
298	Onyinyechukwu Hope Onubogu, Ogonna Olive Osuafor, Uzochukwu Chijioke Osegbo	Farmer-participatory approach to resilient agri-food system: bridging information gaps through farmers' willingness to pay for agric ext services
1	Catherine Mawia Mwema, Netsayi Noris Mudege, Keagan Kakwasha	Gendered Analysis of COVID-19 Impact on Cross-Border Fish Traders in Zambia and Malawi
29	Joy Ucheime	How building an agroecology food system empowered women smallholders farmers to achieve food security
32	Idephonse Musafili, Oscar Ingasia Ayuya, Eliud Abucheli Birachi	Towards agricultural transformation: trends in gender work patterns, perceptions and adoption of soil and water conservation practices. A mixed methods
37	Hom Gartaula, Gebrelibanos Gebremariam, Moti Jaleta	Gender, rainfall endowment, and farmers' heterogeneity in trait preferences: Insights from wheat-based cropping systems in Ethiopia
41	Idephonse Musafili, Oscar Ingasia Ayuya, Eliud Abucheli Birachi, Jean Chrysostome Ngabitsinze	Assessing the Effect of Women's Empowerment on Investment in Soil and Water Conservation Strategies in Northern Rwanda
244	Paulina Brago, Gideon Danso-Abbeam, Abiodun A. Ogundeji	Impact of women empowerment on adoption of climate change adaptation strategies
255	Jubril Animashaun, Lotanna E. Emediegwu	Structural transformation and gender-specific labour market frictions: Evidence from Nigeria
338	Ibrahim HK, Hendriks SL, Schönfeldt HC	The gender and geographical variations in the determinants of food security among Nigerian farm households
12	Mulubrhan Amare, Kibrom A. Abay, Patrick Hatzenbuehler	Spatial market integration during a pandemic: evidence from food markets in Nigeria
179	Stevier Kaiyatsa, Nicolas Van de Sijpe, Bhavani Shankar	How do transport costs affect price dispersion of nutrient-dense foods across markets in rural Malawi?
217	Guyo Godana Dureti, Andu Nesrey Berha	Agro-clusters, market imperfections, and technology adoption in Ethiopia: exploring impacts and pathways
219	Daye Kwon, Lenis Saweda O. Liverpool-Tasie, Thomas Reardon	Market channel and heterogeneous storage behavior in response to multiple risks: The case of Nigerian maize traders
249	Tesfaye Solomon, Jema Haji, Dawit Alemu, Adam Bekele	Mapping the cattle trade network in Ethiopia: Empirical evidence from Tigray, Oromia and Addis Ababa major cattle markets, Ethiopia
254	BA Adeniyi	Supply response of selected staple crops to price and non-price factors in Nigeria: (1980 – 2020)
279	Sena Amewu, Eunice Arhin, Karl Pauw	Farm input subsidies and commodity market trends in Ghana: an analysis of market prices during 2012–2020
361	Maija Shetunyenga, Thinah Moyo	Evaluating the performance of marketing channels for small-medium scale vegetable producers using Olushandja-Ogongo canal water
10	Adane Tufa, Arega Alene, Hambulo Ngoma, Paswel Marenya, Julius Manda, Md Abdul Matin, Christian Thierfelder, David Chikoye	Demand for agricultural mechanization services for smallholder farmers in Malawi
119	Thomas Daum, Ygué Patrice Adegbola, Geoffrey Kamau, Alpha Oumar Kergna, Christogonus Daudu, Wahab Akeem Adebowale, Carine Adegbola, Charles Bett, Wellington Mulinge, Roch Cedrique Zossou, Oliver Kirui, Fatunbi Abiodun Oluwole	Made in Africa – How to make local agricultural machinery manufacturing thrive
162	Oliver K. Kirui, Thomas Daum, Ygué Patrice Adegbola, Geoffrey Kamau, Alpha Oumar Kergna, Roch Cedrique Zossou, Carine P.M. Adegbola, Lawrence Mose, Christogonus Daudu, Yarama Ndiripaya, Fatunbi Abiodun Oluwole	Assessment of tertiary agricultural education and agricultural mechanization training in Africa
163	Oliver K. Kirui, Lukas Kornher, Maksud Bekchanov	Productivity growth and the role of mechanization in African agriculture
185	Tigabu D. Getahun, Gebeyehu M. Fetene, Heike Baumüller, Zaneta Kubik	The job quality-firm productivity nexus in the manufacturing sector: Panel data evidence from Ethiopia
207	Heike Baumüller, Zaneta Kubik, Tigabu D. Getahun	Mechanization, automation and jobs in Africa's agroprocessing sector: Insights from Ethiopia, Kenya, Nigeria and South Africa
370	Hambulo Ngoma, Paswel Marenya, Adane Tufa, Arega Alene, Lovemore Chipindu, Md Abdul Matin, Christian Thierfelder, David Chikoye	Smallholder farmers' willingness to pay for two-wheel tractor-based mechanization services in Zambia and Zimbabwe
416	Janet Mwende Mutiso, Julius Okello, Penina Muoki, Carl Johan Lagerkvist	Using machine learning to explore the effect of technology information on drivers of farmer uptake of biofortified crops: The case of orange-fleshed sweetpotato in Kenya
